

By Mr. Elliot:

I would like to introduce Plaintiff's Exhibits 1 through 6 consisting of a plat, certified copy of a Will from the Probate Records of Frederick County, Maryland, and four certified copies of deeds from the Land Records of Frederick County, Maryland.

Now Mr. Goust to continue.

- Q. I will show you Plaintiff's Exhibit number 5 which is a deed reporting to be from Grace E. Staley and Irving Staley and Roy M. Dorcus and Mildred Dorcus, his wife, to Harry C. Dorcus and Lola Dorcus dated March 2, 1931. Can you tell me looking at Parcel Second of this deed if Parcel Second describes, with the exception of out conveyances that may be shown on the plat, the piece of land that is shown as the dairy farm tract on this plat?
- A. I don't know if I could do that without looking it over. I haven't looked at the file. Where is this recorded? Mr. Elliot answered Liber 496, folio 420. The first tract is 212 acres and 25 square perch tract which I assume right now to be part of our survey. Without spending some time reviewing the files, it would be hard for me to say without a doubt.
- Q. Is there any way you can do it by reference to the deed calls?
- A. It is a figure of 31 courses and distances. I don't think there is any question about it being that, I wouldn't want to swear under oath until I had time to sit down to review my files and look at it to see definitely it was the one we used. However on our plat we show four pages ahead in one of the Liber and folios. The chain of title would probably lead back to this one.

By Mr. Elliot: I have no further questions.

By Mr. Stillrich: I have no further questions.
